| ABOUT US

Unicoft is an international corporate company founded in 2019 and headquartered in Turkey.

The Company is powered by professionals with more than 40 years of foreign trade experience with a reliable supplier network database for global trading activities. In parallel with our supplier role, our expert team members in charge for the implementation of construction works.

Our commitment to quality, reliability, and competitive pricing ensures you receive the best value for your investment. We understand the demanding nature of the oil and gas industry and are dedicated to providing prompt delivery and expert technical support.

Whether you're a major operator or an independent producer, Unicoft is your trusted partner for efficient and reliable oil and gas operations.

We provide Unique Service Experience to our Customers and Business Partners by minimizing; Risks, Time-Losses and Cost in a Safe & Professional manner.

OUR CERTIFICATES

CORE VALUES

SAFETY

This is our highest concern, we adhere to the highest standards and codes and regularly review procedures to guarantee the safety of our team, partners and the general public.

CUSTOMER SATISFACTION

We maintain open communications with our customers' base, treat customers with respect, deal with our customers as partners.

COMMUNICATION

"TRUST through TRANSPARENCY"

We proactively communicate in a way that builds lasting relationships and generates trust. We listen to understand and always communicate in an open, respectful, timely, and effective way.

TRUST AND INTEGRITY

We build trust by honoring our commitments and we earn our reputation by delivering on our word. Our thoughts, actions and words are always aligned.

"Treat others how you want to be treated"

OUR APPROACH

Customization

Each project has its own characteristics. We utilize a personalized approach for your applications where we work closely with You. Comprehensive management and attention to details are the core tools we use in order to maintain our service.

Application Experience and Professionals

Combining the corporate knowledge developed for many years with application experience to fit your unique projects. Our Team of experienced professionals to create value-added solutions to meet your requirements.

OUR VISION

To be a Trusted and Primary global business partner of our customers that provide an excellence customer satisfaction. To realize qualified construction projects that will minimize the resource use of People and Nature.

OUR MISSION

Produce specific and efficient solutions to the problems as per customer requirements, closely follow the scientific and technological developments and adapt rapidly.

Create Reliable global foreign trade network for our customers and suppliers in all our areas of business. Minimize; Risks, Time-Losses and Cost.

Follow high international standards and innovations to ensure sustainable customer satisfaction, service and product quality.

Building tailor made living spaces that powered by hybrid energy; conventional and renewable resources.

UPSTREAM, MIDSTREAM, DOWNSTREAM

Unicoft specializes in supplying top-tier products for the entire oil and gas value chain. From cutting-edge exploration and drilling equipment to advanced midstream solutions that ensure smooth and efficient transportation and storage, and high-quality downstream refining tools, we deliver extensive solutions to meet your industry needs.

Our comprehensive oil and gas product range includes;

- Drilling Equipment
- Fluid Equipment
- Instrumentation
- Cementing Equipment
- Field service replacement parts
- Handling Tools
- Rig Components
- Processing & Treating Equipment
- Piping Materials
- Pressure Control
- Blowout preventers
- Gas dehydration units
- Control Units
- Revamps and upgrades
- Lubricators
- Flanges
- Gas filter separators
- Recovery units
- Filters
- Tubing Solutions
- Fittings
- Valve Solutions
- Safety Tools
- Electrical Equipment

BRANDS

TRANSPORTATION

Unicoft offers seamless transportation services tailored to your needs. Our solutions cover all modes of transport—land, sea, and air—ensuring your shipments are handled with precision and efficiency. With advanced systems in place, we guarantee reliable and timely delivery, meeting your logistics requirements with utmost care.

Key features;

Comprehensive Coverage

Our services span all modes of transport, ensuring flexibility and efficiency in meeting your logistical requirements.

Custom Solutions

Tailored transportation solutions designed to fit your specific needs and preferences.

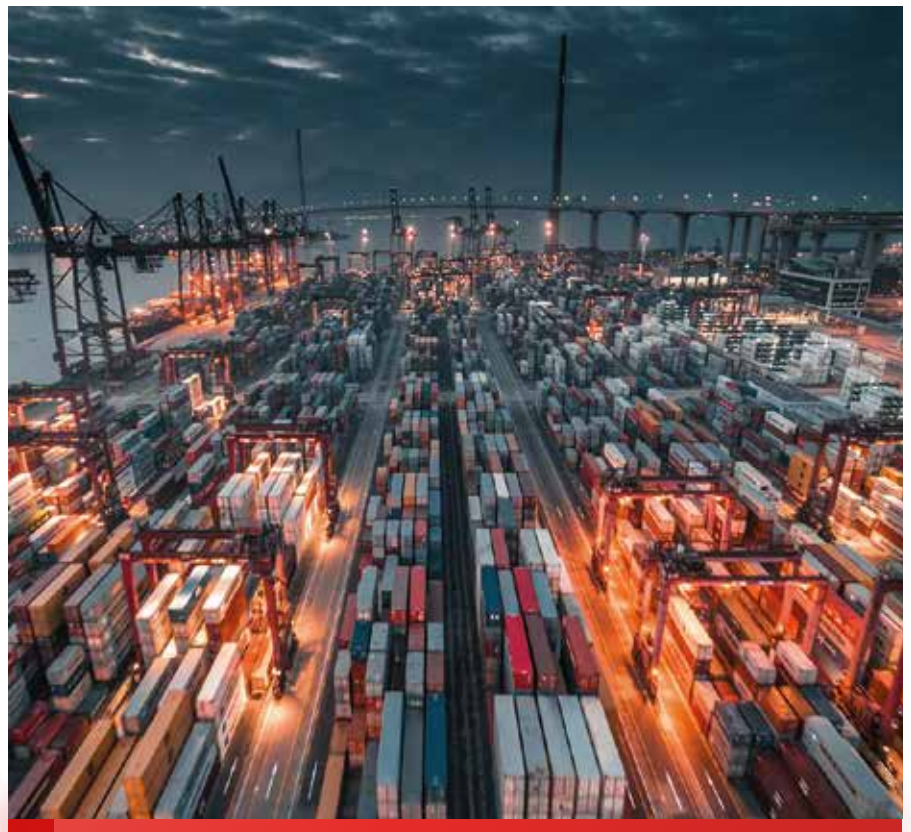

Advanced Technology

We utilize cutting-edge systems to track and manage shipments, ensuring timely and secure delivery.

Reliability and Safety

Our focus on precision and care guarantees that your shipments are delivered safely and on schedule.

INSPECTION SERVICES

Unicoft delivers precise and reliable inspection services designed to safeguard your equipment and operations. Whether it's non-destructive testing, pressure equipment checks, or material certification, our experts ensure every component is up to code. Our detailed inspections are key to minimizing risks and maximizing operational uptime.

Services:

Pressure and Storage Equipment Inspection

Ensure safety and compliance with regular checks of pressure vessels, storage tanks, and boilers. Our inspections help prevent failures and extend equipment lifespan.

Piping and Pipeline Inspection

Maintain safe and efficient operations with detailed inspections of piping and pipelines. Detect potential issues early to avoid leaks and ensure reliability.

Non-Destructive Testing (NDT)

Utilize advanced NDT methods to detect defects without damaging equipment. Techniques include radiographic, visual, magnetic particle, liquid penetrant, and ultrasonic testing.

Structural and Material Inspection

Verify the integrity and durability of metal structures and materials. Our inspections ensure compliance with standards and assess performance under operational conditions.

Lifting Equipment Inspection

Ensure safety and compliance in lifting operations. We inspect containers, lifting sets, and wire ropes to prevent accidents and maintain efficient performance.

Personnel Certification Services

Certify welders and welding operators to meet industry standards. Our services include certifications under TS EN ISO and AWS, ensuring skilled and qualified personnel.

Mechanical Laboratory Services

Conduct advanced testing such as tensile strength and hardness determination. Our lab services verify material properties and ensure equipment quality and safety.

OUR PRODUCTS

PROCESS EQUIPMENT & PACKAGES

- Flare & Liquid Burners Packages
- Interceptors Corrugated Plate
- Produced Water Treatment Systems
- Internals For Separators
- Filters/Strainers
- Flame Arresters
- Pig Launchers & Recivers
- Pig Signallers
- Pigs -Sentry, Quick Opening /Closure
- Glycol Dehydration Package
- Chemical Injection Package
- Fuel Gas Conditioning System
- Separators
- Mixers And Agitators
- Rupture Discs And Safetyhead / Buckling Pin Devices
- Nitrogen Generation Package
- Cooling Tower
- Spent Catalyst Package
- Deareators
- Refrigeration Package
- Air Dryers
- Solid Desiccant Gas Dryers
- Filters And Coalescers
- Filters Excluding Baskets
- Cooling Water Side Stream Filter Package
- Loading Arms
- Chemical Dosing Package
- Laboratory Equipment

PIPING MATERIAL AND EQUIPMENT

● Valves

- Ball Valves
- Gate, Globe And Check Valves
- Valves - Double Block & Bleed
- Thermal Relief Valves
- Butterfly Valves
- Choke Valves
- Needle, Firesafe Ball, Manifold Valves
- Pressure Safety / Vacuum Valves
- Air/Gas Pressure Regulator
- Diaphragm Unlined And Lined
- Dual Plate Check
- Shut Off

● Flanges

● Pipes and Fittings

Steel

- Casing, Tubing And Drilling Pipes
- Mechanical Pipes
- Construction Pipes
- Oil, Gas And Line Pipes
- Heat Exchanger Pipes
- Boiler Tubes

Plastic

- Plastic Pipes
- Multilayer Pipes
- Pre-insulated Pipes
- Double Containment

● Fittings

- Tube Fittings
- Adapters
- Connectors
- Seal Fittings
- Unions
- Pipe Fittings
- Reducers
- Tube Adapters
- Weld Fittings
- Bulkheads
- Nuts, Gaskets, and Accessories
- Caps and Plugs
- Butt Weld Fittings
- Nipples
- Vacuum Fittings
- Connectors
- Couplings
- Glands
- Weld Fittings
- Butt Weld Fittings
- Cone and Thread Fittings
- Tube Stubs
- Bulkheads
- Couplings
- Gauge Protectors
- Dielectric Fittings

● Fasteners

- Bolts
- Nuts
- Washers

● Sealing

- Soft Sealing Gaskets
 - Fiber-Reinforced
 - PTFE
 - Graphite Laminates
 - Mica Laminates
 - Rubber Sheets
- Semi-Metallic Gaskets
 - Spiral-Wound
 - Corrugated
 - Kammprofile (Grooved)
 - Metal-Jacketed
 - Rubber-Steel
 - Custom Made Gaskets
- Metal sealings
 - Ring Type Joints (RTJ)
 - Norsok IX Type
 - Lens Ring Type
 - Diaphragm
 - Piping Materials
 - Alloy Flanges
- Insulation Kits

● Pipe Coating

OUR PRODUCTS

PIPING MATERIAL AND EQUIPMENT

● Expansion Joints

- Standard Expansion Joints
 - Axial Expansion Joint
 - Externally Pressurized Expansion Joint
 - Exhaust Expansion Joints
 - District Heating Expansion Joints
 - Pipe Expansion Joints
 - Vibration Absorber
 - Braided Expansion Joints
 - Universal Tied Expansion Joints
 - Double Gimbal Expansion Joints
 - Loop Joint
 - Angular Expansion Joints
 - Lateral Expansion Joints
 - Seismic Isolation Expansion Joints
- Special Expansion Joints
- Rubber Expansion Joints
- Fabric Expansion Joints

● Hangers & Supports - For Piping

● Gre Piping And Fittings

● Mechanical Seals & Accessories- Wet For Api Pumps

MECHANICAL MATERIAL AND EQUIPMENT

- Api / Non Api Pumps
 - High Power/Heavy Duty -Pumps
 - Chemical Injection Dosing Pumps
 - Fire Water Pumps
 - Reciprocating Pumps
 - Screw Pumps-Gear/Screw/Rotary
 - Ro Water Treatment Packages
 - Oily Water Treatment Packages
 - Domestic Wastewater Treatment Packages
 - Protective Coating
 - Fire Fighting Equipment
 - Boiler / Water Heaters
 - Heat Exchangers
 - Electric Heaters
 - Direct Fired Heaters
 - Plate & Frame Exchangers
 - Air Coolers
 - Shell & Tube Heat Exchanger
 - Storage Tanks
 - Steel Plate -
 - Structural Material (Bars, Rod, Sections Etc)
 - Structural Steel
 - Overhead Traveling Crane
 - Cantrifugal Pumps
 - Api 610 Heavy Duty
 - Medium Duty / Process / Non Api / Non Critical
 - High Pressure Boiler Feed
 - Fire Pumps Including Packages
 - Low Flow – High Head
 - Sump Pump/Cantilever Pump
 - Proportionating & Metering Pumps
-

OUR PRODUCTS

DRILLING EQUIPMENT & TOOLS

● Drilling Fluid Equipment

- Mud Circulation System
- Mud Tank
- Shale Shaker
- Mud Cleaner
- Desander
- Desilter
- Degasser
- Centrifugal Pump
- Sand Pump
- Mud Agitator
- Poor Boy Degasser
- Mud Guns
- Mud Hoppers

● Drilling Instrumentation

- Deadline Anchors
- Drift Indicator Systems
- Monitoring Systems
- Mud Pump Pressure Gauges
- Tachometer Systems
- Torque Indicators
- Weight Indicators

● Rig Components

- Crown Block
- Travelling Block
- Swivel
- Rotary Table
- Drawworks

● Handling Tools

- Handling Tools
- Bowls and Bushings
- Elevators
- Elevator Links
- Kelly Spinners
- Casing Scrapers
- Pipe Spinners
- Rotating Mousehole
- Safety Clamps
- Slips
- Spiders
- Stabbing Guides
- Tongs
- Hydraulic Power Tong
- Hydraulic Casing Tong
- Manual Tongs
- Custom Dies and Inserts
- Casing Running Tools

● Cementing Equipment

- Centralizer
- Extended Reach
- Inflatable Packers
- Inner String Cementing Equipment
- Insert Float Valves
- Manual Fill Float Collars
- Manual Fill Float Shoes
- Multi-Purpose Float Collars
- Self Filling Equipment
- Stage Cementing Collars
- Thread Compounds
- Packer Stage Cementing Collar

● Tubulars

- Drill Pipe
- Kelly
- Heavy-weight Drill Pipe
- Drill Collar
- Casing
- Tubing
- Subs
- Crossover
- Pup Joints

OUR PRODUCTS

COMPRESSORS AND GENERATORS

- Compressors, Fans & Blowers Centrifugal Compressors (Process Gas)
- Combustion Air Blowers
- Air Compressors
- Reciprocating Compressors
- Rotary Compressors
- Axial Type Compressors
- Gas Turbine
- Turbo – Expanders
- Diesel Generators & Diesel Engines
- Diesel Generator Packages
- Centrifugal Compressors/Turbines Process
- Compressors Air Service
- Screw Compressors (& Drivers)
- Reciprocating Compressors (& Drivers)
- Silencers

INSTRUMENTATION AND CONTROL

- Distributed Control System
 - Emergency Shut Down System
 - Fire And Gas System
 - Machine Monitoring System And Switches (Vibration Monitoring including Vibration Probes, Proximitors, Extension Cables)
 - Plc (Programmable Logic Controllers)
 - Safety System (Esd, F&G)
 - Panel Instruments
 - Multipoint Temperature Recorder
 - Control Valves
 - On Off Valves - Pneumatic And Motorized
 - On Off Rising Stem Ball Valves
 - Pressure Regulators– Self Operating Valves
 - Solenoid Valves
 - Actuators (Electrical, Hydraulic & Pneumatic)
 - Safety Relief Valves
 - Pitot Tube
 - Orifice Plates
 - Venturi Tube & Flow Nozzles
 - Turbine Meters
 - Positive Displacement Meters
 - Vortex Flow Meters
 - Magnetic Flow Meters
 - Ultrasonic Flow Meters
 - Flare Gas Meters
 - Level / Flow Switches
 - Level Gauges
 - Tank Gauging System
 - Level Transmitters (Radar, Ultrasonic, Displacement)
 - Pressure / Diff
 - Thermowells, Temperature Elements
 - Temperature Gauges
 - Transmitters (Pressure, Temperature)
 - Ph Meters
 - Gas Chromatographs
 - Process Analysers (Hydrogen, Carbon, Oxygen, Flue Gas)
 - Moisture Analysers
 - Vibration Sensors
 - Instrument Tubes & Tube Fittings, Valves, Manifolds
 - Junction Boxes, Enclosures / Cabinets & Accessories
 - i&C Cables
 - Multiple Cable Transit (Mct)
 - Co,Co2 Analyzers
 - Gas Detectors
 - Moisture Analyzers
 - Flash Point, Rvp,Cfpp & Wobbe Analyzers
 - Density Analyzers
 - Toc & Tc Analyzers
 - Ph,Cond,Ci,Diss Oxygen & Turb Analyzers
 - Total Sulphur Analyzers
 - O2 In Flue Gas Analyzers
 - Oxygen Process Analyzers
 - Hydrogen Analyzers
 - Cems Analyzers
 - Analyser Shelter
 - Corrosion Monitoring System
 - Cctv System
 - Paging System
 - Temperature Instruments
-

OUR PRODUCTS

INSTRUMENTATION AND CONTROL

● Flow Instruments

- Flow Switches
- Magnetic Flow Meters
- Orifice Plates Metering Tubes & Carriers
- Orifice Flanges & Fittings
- P/D Meters
- Pitot Tubes/Annubars
- Turbine Meters
- Variable Area & Purge Flowmeters
- Venturis
- Vortex Shedding Meters
- Coriolis Mass Flow Meters
- Ultrasonic Flowmeters
- Thermal Effect Flowmeters
- Meter Provers
- Restriction Orifice
- Switches Float Type
- Switches Capacitance
- Switches Ultrasonic
- Switches Conductive
- Switches Vibrating Fork
- Electronic Displacers
- Pneumatic Displacers
- Radioactive Level Instruments
- Ultrasonic Transmitters
- Tank Gauges
- Level Gauges
- Magnetic Level Gauges
- D/P Electronic Transmitters
- Radar Type Level Instrument

● Instrument Tubing

● Impulse Tubes, Fittings, Connectors, Etc.

● Compression Fittings

● Communication Cable - Multicore (Power/Instrument/Data/Fibre Optic Cables)

● Instrument Junction Boxes, Marshalling Terminals, Cable Ducts, Cable Glands

● 0 Testbenches, Calibrators (Electric Signal, Pressure, Temperature)

● Oxygen Shutoff Valves

● Pressure Instruments

- Draught Gauges Stack
- Draught Gauges Capsule
- Electronic Transmitters
- Gauges
- Press Switches

● Panel Mounted Instruments

- Is Barriers / Isolators
- Computing Relays Elec & Pneum
- Contr's Recorders/Ind's
- Trip Amplifiers
- Itcc / Antisurge Controllers

● Package Control Units

- Load Cells
- Local Pneumatic Controllers
- Millimeters Local Indicating
- Limit Switches
- Control Valves
- Cryogenic Multiport
- Flow Self Regulating
- Cryogenic Butterfly Valve

● Analyzers

(Fire, Gas & Intruder Detectors)

● Motorized Actuators

● Monitoring & Safety Systems

● Lock Hopper Control

● Burner Management

● Programmable Logic Controllers

● Instrument Valves

- Ss / Alloy Gate
- Ss / Alloy Ball
- Ss / Alloy Check
- Ss / Alloy Globe
- Ss / Alloy Miscellaneous
- Ss / Alloy Gauge/Combination
- Ss / Alloy Monoflange
